

# Cable Assembly and Wiring Harnesses

Pioneer Cable Company wants to build your next cable or wiring harness. We have more than 20 years of experience with demanding customers such as Marriott, Wal-Mart and PepsiCo Food Services, and in a wide variety of industries from hospitality to government to automotive. Whether you need simple computer peripheral connections or you need a complex fiber optic network, Pioneer can meet your needs. Contact our team and let us share our knowledge with you and then give you a bid on your next cable or wiring harness project.
